

## CLIMATE III 132CM DC FAN ONLY IN OIL RUBBED BRONZE WITH KOA BLADES

### DESCRIPTION

The simplicity in design of the Climate III, with its reversible blades, gives this fan a designer appeal. Being an indoor-only fan, it would be perfect to use in a medium to large size bedroom.

### **DC Motor - Efficient, Cost Saving, and Quiet**

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

### **Reversible Blades**

The blades come in bronze but can be flipped over for a koa look.

### **Remote Control**

6-speed remote control with timer function and natural wind mode included. For instructions on how to pair the remote, please follow the steps in this video: [Remote Pairing](#)

### **Optional Light**

Versatility to use light with the light kit (sold separately - 210643).

### **Indoor Rating**

Suitable for indoor use only.

### **Recommended Room Size**

For rooms between 3m x 3m and 4m x 4m, we recommend a fan between 122cm and 142cm.

### **2-Year In-Home + 7-Year Motor Replacement Warranty**

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if

you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
