

## FLUSSO 132CM DC FAN WITH LIGHT IN BLACK

### DESCRIPTION

---

Whether you have a Scandi-style, contemporary or nature-inspired home, the Flusso range has a fan that will match your interiors perfectly. Fitted with 3 reversible plywood blades in a range of colours, the Flusso boasts an eye-catching, unique shape that will be the centre of attention indoors or in your alfresco area.

Available in white, black and oil-rubbed bronze with koa blades.

### DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your

house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

### **Remote Control**

6-speed remote control with natural wide mode included.

### **Integrated Light**

Light kit comes included that uses a GX53 globe.

### **Alfresco Rating**

Suitable for indoor and alfresco areas provided the fan is fully undercover, protected from water, wind, dust, and salt, with a minimum of 2 walls.

### **Recommended Room Size**

For rooms between 3m x 3m and 4m x 4m, we recommend a fan between 122cm and 142cm.

### **2-Year In-Home + 7-Year Motor Replacement Warranty**

We provide a 2-year in-home warranty and a 7-year motor

replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
