

## RESORT 203CM DC FAN IN BRUSHED ALUMINIUM

### DESCRIPTION

---

Experience grandeur with the Resort, a ceiling fan boasting a remarkable 2032mm size and a distinctive design featuring nine blades. Powered by an energy-efficient DC motor, this fan stands as a unique and eco-friendly addition to your space.

Available in white, black, oil-rubbed bronze and brushed aluminium.

### DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed

settings of DC fans, which range from a light breeze to an extremely intense airflow.

### **Remote Control**

6-speed remote control included. For instructions on how to pair the remote, please follow the steps in this video: [Remote Pairing](#)

### **Alfresco Rating**

Suitable for indoor and alfresco areas provided the fan is fully undercover, protected from water, wind, dust, and salt, with a minimum of 2 walls.

### **Recommended Room Size**

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

### **2-Year In-Home + 7-Year Motor Replacement Warranty**

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home

warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
